

A winning team!

Colossus Level 1 Training & Certification Plus+

The Pragma Intel Training Advantage for CalChiro member DC's

Expert Training is the key to becoming a winning PI DC. Pragma Intel's PI training courses are created from real-life case challenges and the steps taken to win them. Our courses are creating more settlement value across the USA.

Put our winning strategies to work in your clinic today to create more value for your patients and improve your credibility with your local attorney's. The more you know about the tactics used by PI insurers to suppress and deny your skillful care, the easier it is to help your patient win their injury story, getting you paid and helping you stand out as a true expert in PI care.

Are you ready to take your PI Career to the next level, while earning 10 CE's?*

If you said yes, then the Pragma Intel Monthly Training Subscription is the perfect next step in your career. As a Pragma Training Subscriber, you will receive:

COLOSSUS Level 1 Training & Certification Exam

This course covers mechanisms of injury, concussion recognition, pre-exam interviews, pre-existing conditions, gaps in care, ADL's and quality of life surveys, prognosis development, valid treatment plans, re-exams/surveillance exams, Maximum Medical Improvement, impairments, future medical costs, summary reports, amending medical records and more. [Read More](#)

Interviews & Training with leading PI Experts

Some of the topics that you can expect to study include: ICD-10 Coding, Select Specialty Exam Training, Select Injury Management Training, and Select Peer Review Studies. Claims strategies are always changing and you'll want to stay up to date!
